WHELF

CM Workshop Gregynog May 2018

* Drivers for Collaborative CM (Common Factors)

  * Pressures on Physical Space

  * Pressures on Budgets

  * Shared Systems, Expertise, Standards

  * Consortial Agreement to Export Data to NBK Has Focused Minds on Data Quality Issues!

Next Steps

* Establish a Working Group to:
  * Identify CM Activities & Priorities Across WHELF
  * Formulate a WHELF Spec i.e. What We All Want & Identify Resources Required to Make It Happen

  * Could include:
    * Develop Analytics Reports (WHELF, EPUG-UKI)
    * Investigate Benchmarking - CCM Tools
    * Improve Metadata Quality & Identify Uncatalogued Collections
    * Shared store
